# PERSONAL MYTHOLOGY & DREAM WORK™

An Intensive with Stanley Krippner PhD

*H*ow do you create a life story? Join legendary teacher, psychologist and author, Dr. Stanley Krippner for a once in a lifetime opportunity to work with personal mythology.

Chart a new destiny for yourself through the recesses of your psyche, finding and transforming the hidden patterns that are dysfunctional to your story. Work therapeutically with dreams, explore the elements of myth and how they apply to your life. Come alive through expressive mediums and gestalt therapy, and gain tools to work with others. Dr. Stanley Krippner, PhD is a living treasure in Dream Studies and Mind-Research, original pioneer of Transpersonal Psychology, internationally known for decades of research in consciousness studies and shamanism.

**Dr. Stanley Krippner** is internationally admired for decades of work in the scientific field of human

consciousness. His work has been endorsed by Joseph Campbell, Jean Houston, June Singer, and other great classic teachers of mythology. He has authored timeless books including *Personal Mythology*, *Dream Telepathy*, *Dreamworking*, and *The Mythic Path*.
